

Pathways will connect the Center to the 300-person **amphitheater**.

Shared **conference rooms** for use by nonprofit and community agencies

Head Start classrooms (located on level one) to prepare low-income children for success in school and in life

A **kitchen** for use by all programs as well as community gatherings and events

A **teen center** with after-school educational programs and youth leadership training

Large rooms double as **community meeting spaces** and as **classrooms** for adult education provided by South Seattle Community College

Offices to house staff for Early Head Start, Head Start, family social services, employment services, eviction prevention, youth tutoring and youth development activities

A **family center** to serve as a gathering space and provide adult and youth programs, community classes, access to computers and a resource library
